

## Digging the garden

A little patch of brown soil,  
Waiting in the garden,  
Needs a bit of our toil,  
There's some work to be done!

*Digging the garden,  
Digging the garden,  
Digging the garden,  
There's some work to be done!*

Clearing the ground,  
Pulling the weeds,  
Rake it nice and flat,  
Sowing all the seeds.

Water the ground,  
Pulling the weeds,  
Soon the seeds will sprout,  
And grow a plant for all to see.
