

Our Wonderful World Lyrics

1. Celebrate, celebrate our wonderful world,
Come and celebrate with me,
And give thanks for our wonderful world,
The mountains and the seas.
The smell of rain as it falls
The feel of moss on the walls
This is a wonderful world
Come and celebrate with me

2. Celebrate, celebrate our wonderful world,
Come and celebrate with me,
And give thanks for our wonderful world,
The mountains and the seas.
The smiles I see every day
The shining sun's golden rays
This is a wonderful world
Come and celebrate with me

3. Celebrate, celebrate our wonderful world,
Come and celebrate with me,
And give thanks for our wonderful world,
The mountains and the seas.
The colours up in the sky
The seasons as they pass by
This is a wonderful world
Come and celebrate with me

4. Celebrate, celebrate our wonderful world,
Come and celebrate with me,
And give thanks for our wonderful world,
The mountains and the seas.
For every first day of spring
For every song that we sing.
This is a wonderful world
Come and celebrate with me
